SoccerGround® Portable, 20 x 13 m

SOCCERGROUND® Portable

Areas of Application

The SoccerGround® Portable is the right choice if you are looking for a mobile yet particularly sturdy pitch for events or longer-term use. A pitch that makes a high-quality impression and brings years of enjoyment.

- Street parties and city festivals
- Kindergarten and school events
- Trade fairs (e.g. sports or youth fairs)
- Company parties
- Hotels (e.g. sports hotels, club hotels)
- Leisure parks and playgrounds (indoor and outdoor)
- Public viewing and fan zones
- Incentive events and other PR activities

Setup & Transport

The SoccerGround® Portable can be set up on any level surface, e.g. asphalt, concrete, natural or artificial turf, wooden floor, carpet, sand, etc. Of course without any ground anchoring.

Thanks to the plug-in system with just a few screws, a team of 2–3 people can set up the pitch in about 1–2 hours. With our illustrated instructions, assembly is simple and self-explanatory. On request, we can provide a supervisor or an installation team.

Courts of 10 x 15 m can be transported and stored using a car trailer; larger pitches are transported by van or 7.5-ton truck. We will be happy to advise you on the right transport options.

Technical Details

- Ready-to-play basic system: boards, goals and nets at the goal ends (net height 3 m incl. boards)
- Add-ons: artificial turf, side nets, etc.
- Access to the pitch: through the goals or, with small goals, through a door in the boards
- Lightweight aluminum components: board edges, net posts (goals in aluminum or steel, depending on size)
- Sturdy steel components: board stands, corner posts and, depending on the version, the goals
- Plug-in system with just a few screws for quick and easy setup and dismantling
- Foldable goals for compact transport and storage
- Board color usually green or white aluminum, other colors on request
- Advertising possible via vinyl graphics or direct print

Key Features

- ✓ **STABLE**
Steel and aluminum construction for maximum stability and durability, so the system stands up to ambitious games and powerful shots
- ✓ **SOUND-INSULATED**
Sound-insulated, robust boards made of 40 mm sandwich panels with a foam core (no hardboard or plastic), 1–3 m long depending on the pitch, 1 m high and approx. 10–30 kg each
- ✓ **SOLID**
The boards slot onto the feet at the stands (no hooks or similar) and are firmly joined with a cover profile, so there's no wobbling and no rattling
- ✓ **SPECTATOR-FRIENDLY**
Flat feet without braces, so there's no tripping hazard

Pitches & Goals

Thanks to the modular design with various handy board lengths (usually 1–3 m), the SoccerGround® Portable can be built in almost any pitch size and extended or reduced at any time.

Whether small pitches for children or teams with fewer players, or large pitches for teenagers, adults and more players, anything is possible.

Popular pitch sizes:

- 15 x 9 m / 15 x 10 m
Ideal for children, teenagers and small teams of approx. 3 vs. 3
- 20 x 13 m
Ideal for children, teenagers and small teams of approx. 5 vs. 5
- Other pitch sizes on request
- Goals: - 3.0 x 2.0 m (large)
- 1.8 x 1.2 m (small)
- 1.0 x 0.8 m (mini)

Optional Extras

- **Mobile sports artificial turf**
usually unfilled, with or without shock pad (elastic underlay), for the ultimate playing experience and quality, plus a particularly attractive, eye-catching look for your event court
- **Protective side nets**
for the long sides, for a ball stop all the way around, standard height 3 m incl. boards
- **Advertising branding**
either flexible, with interchangeable logo graphics that showcase your sponsors or your company, or permanent with digital offset print
- **Stands**
as an extra for larger events
